7 Baselines of the territorial sea

- (1) Subject to subsection (2), the baseline from which the breadth of the territorial sea is measured shall be the low-water line of the seaward side of the reef fringing the coast of any part of Tuvalu or bounding any lagoon waters adjacent to any part of that coast, or where a reef is not present, the low-water line of the coast itself.

- (2) Where there is an archipelago, the baselines from which the breadth of the territorial sea is measured shall be archipelagic baselines, declared in accordance with subsection (3).
